

Hi,

for those who don't know me, I would like to say that I'm German although living most time of my life in Barcelona, Spain. Another little big detail is that I am a person who suffers from Parkinson's Disease. However, I refuse to shut myself away letting my soul fade away meanwhile I'm waiting for the real end in terms of flesh. It's more, I try to be as active and positive as possible, and among other activities, I am preparing already for several years this Solidary Calendar.

Couldn't it be a beautiful Christmas present?

AVAILABLE IN 3 VERSIONS:

ENGLISH, GERMAN und SPANISH

FOR EACH WEEK A NEW SHEET – A4

BEAUTIFUL AND PRACTICAL

The carefully selected photos are beautiful as well as the quotes that give the image either an astucious or a deep touch or looks at things in an ironical way. And it is practical, indeed because there is a box for you every day so you can take notes. And you will find 2 more boxes that are special:

for really important things. Here you will find the Special Days, too.

for birth or name days

It was really a lot of work (almost 2 months for the 3 languages) what I will charge a symbolic price of 10 Euros. But not even one Euro will go into my own pocket. All gains go entirely to the benefit of BiciSolidaria. That's my way of saying “thanks” to

these excellent people who spend since 2006 every year part of their holiday riding by bicycle and explaining to people all over Spain what it means to suffer from Parkinson's Disease. Giving detailed information, radio interviews and press articles mean more comprehension for us who suffer from this disease.

HOW IT WORKS

I have done all the work but I won't send printed calendars. That would only increase the costs (packaging & transport) besides my mobility problems. I will use modern technologies and send you PDF files and then everybody can decide

- where he/she prefers to print the calendar (I recommend a copy shop with a laser copying machine)
- what kind of paper he/she wants to use
- if he/she wants to print it at one go or prefers it every 4 or 6 months

THAT'S WHAT YOU HAVE TO DO:

1st Please pay 10 Euros into the following account:

Account	:	3058 0295 11 2720032907
Account holder	:	BiciSolidaria
IBAN	:	ES2530580295112720032907
SWIFT	:	CCRIES2A
Ref.	:	Calendar 2012

2nd Please send me an e-mail (batik.carolin@gmail.com) specifying:

- in what language(s)
- please give me the e-mail where I should send the PDF files to

As I don't have a Marketing Department, I really would appreciate any kind of help: just tell your friends!! Make some publicity among your relatives and acquaintances or at the office Talk. Mention the calendar on your blog. Or on your website. And ..., and proof to me that Facebook really works although I always have been incredulous!

Many thanks for your support.

Carolin
